The program was considered the best inspirational Christmas program ever presented in the Columbus High School.

Some Injuries in a Series of Accidents

A series of weekend accidents in and around Hope were investigated by City and State Police.

Sunday on Highway 67, near the Experiment Station junction, two cars had stopped to allow another to make a left turn and a fourth auto plunged into two of the cars.

The stopped autos were driven by Hoyt Gilliam of Shreveport and James H. Crawford of Texarkana. A third vehicle driven by Frank Henson of Ventura, Calif., crashed into the rear of the Crawford auto which plunged into the Gilliam car. All three were heavily damaged.

Opelia Henson of Collins Spring, Calif., was injured and treated in a local hospital. Her condition was not considered critical, said Trooper Guy Downing of the State Police. Henson was charged with following too close. Helping in the investigation was Guy Bell, Civil Defense coordinator.

Saturday at the old Highway 28, DeAnn junction an ideal bread truck driven by George Treece of Texarkana took to the ditch to avoid hitting a parked car. Treece suffered a leg injury but was not badly hurt.

Also Sunday on Berry Street an auto driven by Doyle Washington of Hope hit a parked car owned by Mrs. Will Relford. Isiah Collier Jr. and James Collier of Washington were injured and treated at a local hospital. None were believed seriously hurt, Police said. The Washington auto was demolished and the Relford car badly damaged. City Officers reported.

At Third and Walnut Streets cars driven by George Waldron and Mrs. Alice Johnson collided with some damage to both vehicles. Mrs. Johnson was charged with failure to yield the right-of-way.

2,000 MPH Bombers Are Being Made

WASHINGTON (AP) — The Air Force said today it has ordered manufacture of a jet bomber capable of flying more than 2,000 miles an hour for long distances.

A spokesman said it is an arrangement for North American Aviation to produce prototype planes looking well ahead in development, but not yet a contract for quantity production.

Most details of the contract were kept secret. The amount was not disclosed.

It is understood the bomber will use an advanced fuel producing more thrust.

The Air Force left hazy the question whether the craft will be powered by something approaching a true rocket motor.

It said the bomber will be capable of speeds in excess of 2,000 m.p.h. for long distances at ceilings of over 70,000 feet.

By comparison, the B56, the most advanced jet bomber now in the Air Force arsenal but not yet being produced in quantity, is reputed to have a speed in the neighborhood of 1,800 m.p.h. and a ceiling of 50,000 feet.

An Air Force spokesman said the new plane, which previously was referred to as the WS110A, is intended as a long-range development from the B52 family of bombers. This standard craft, now a mainstay of the Air Force, is reported to have a speed in the neighborhood of 700 m.p.h.

The spokesman said Air Force Secretary James H. Douglas awarded the contract for the new bomber on the recommendation of the Air Force chief of staff, Gen. Thomas E. White. He said it also had the unanimous recommendation of Air Force Research and Development officials. Research on the new craft began in 1955.

Ike Lights Tree as Symbol of Nation's Hope

WASHINGTON (AP) — President Eisenhower planned to take time off from official duties Monday to light a giant Christmas tree symbolic of the nation's hope for peace.

The President was scheduled to throw a switch at 5 p. m. e.s.t. illuminating the huge "national Christmas tree" set up in a park behind the White House as part of the capital's annual "Pageant of Peace."

The Chief Executive was also scheduled to deliver a brief Christmas message to the nation and the world.

The President's plans for touching off the capital's traditional yuletide observance were fitted into a day of urgent appointments. His schedule will be elongated Monday night at 8:30 p. m. e.s.t. when he and Secretary of State John Foster Dulles report to the American people over nationwide radio and television on results of the recent Paris meeting of allied chiefs of state.

In the forenoon he was to meet with the National Security Council for consideration of urgent national defense and foreign policy issues.

Before the council meeting he had an appointment with Raymond J. Saulnier, chairman of his Council of Economic Advisors. He also scheduled a morning visit with Burma's President U Win Maung, in this country on an unofficial visit.

The President and Mrs. Eisenhower opened Christmas week Sunday by attending church service and praying for peace.

He heard his pastor, the Rev. Edward L. R. Elson of National Presbyterian Church, ask that "God sustain and guide the President of the United States in all his endeavors."

Ex-Official of Arkansas Dies Today

RUSSELLVILLE, Ark. (AP) — Former Lt. Gov. Bob Bailey Jr., a prominent figure in Arkansas politics during a 20-year period, died after a heart attack early today.

Bailey, a former city attorney, farmer and state senator, died at 4 a. m.

Born Robert Ballard Bailey in Hindman, Ky., 64 years ago, he served three terms as lieutenant governor — two terms during the administration of the late Gov. Carl Bailey and one term under the administration of former Gov. Homer Adkins.

Bailey first was elected to the office in 1936.

While a state senator in the 1920s, he was author of important legislation dealing with highways, insurance and the attorney general's office.

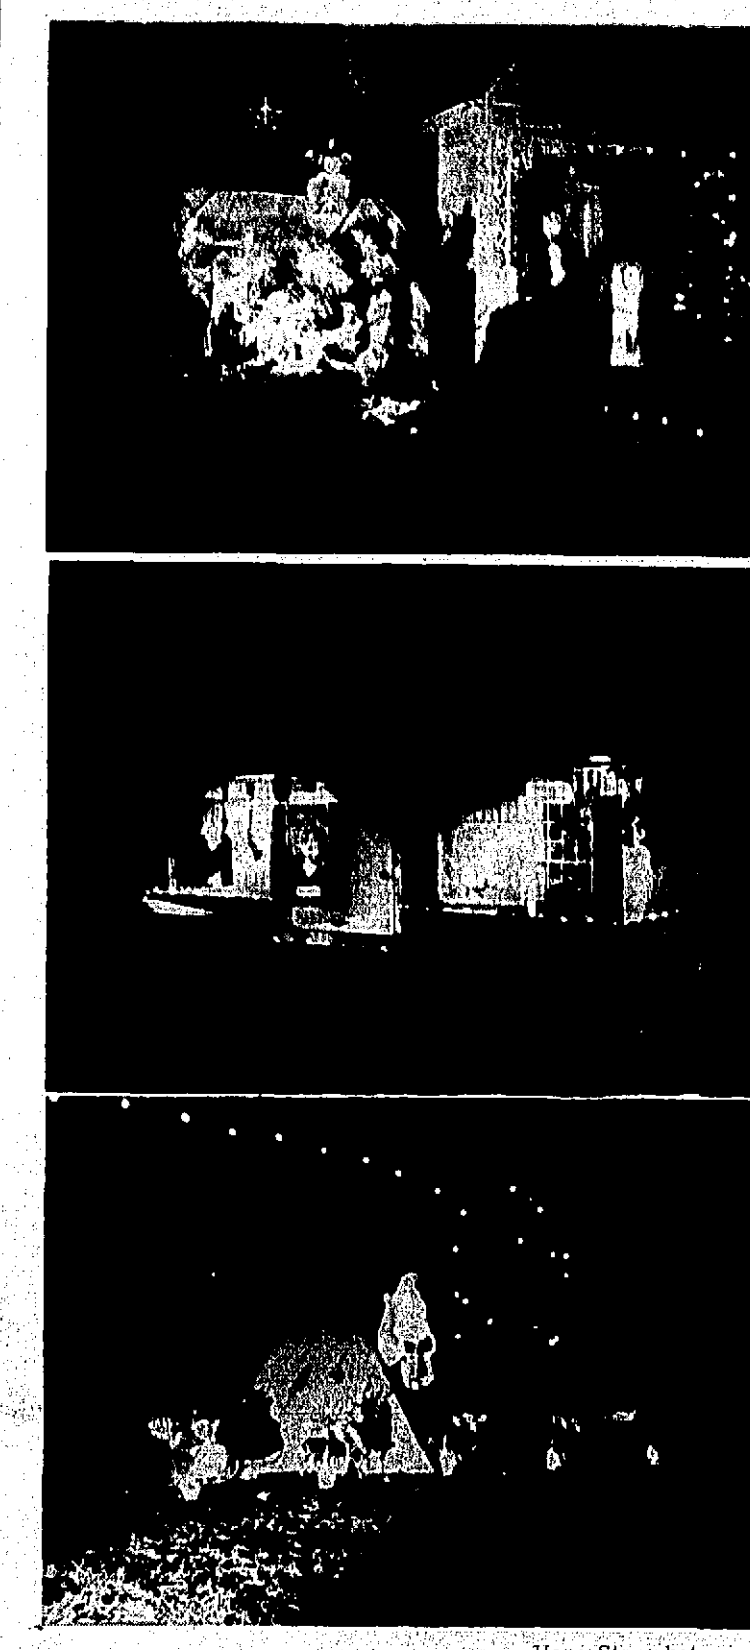

Survivors include Mrs. Bailey and a son, Bob Bailey Jr., who like his father, has represented Pope and Johnson counties in the state Senate.

Bailey's family moved to Russellville when he was 16 and he spent the rest of his life in Arkansas politics here, devoting his energies to farming and a large law practice — except for time spent in pursuit of a college education in Kentucky and Michigan.

He started his career of public service in 1919 as Russellville city attorney, and he stopped from that office into the state Senate.

There was no lieutenant governor in the mid-1920s and Bailey took over the reins of state government.

Court Rules Interest Rate Too High

LITTLE ROCK (AP) — The Arkansas Supreme Court held today that Sears Roebuck Co. charged more than the legal maximum of 10 per cent interest on a credit sale made last year.

The 6-1 decision reversed Chancellor Guy Williams of Little Rock, who had held that carrying charges added by Sears on the time payment contract did not constitute usury.

Customary penalty for a usury conviction is a forfeit of the amount of the contract remaining unpaid at the time the suit is filed in the lower court.

The amount in today's suit was \$394, the purchase price of a garden tractor and four automobile tires, plus a \$37 carrying charge.

James L. Sloan, former assistant attorney general, brought the suit and acted in his own behalf.

He contended that the carrying charges were in effect interest, and that they exceeded the constitutional maximum by 2 1/2 per cent.

Left hanging in the litigation is the question of whether Sears' present contracting procedures are lawful. The firm changed contract forms shortly after Sloan filed the suit.

Sears contended the Arkansas usury laws have no application to a sale of merchandise on credit.

More Cotton Acreage Urged by Institute

CHARLOTTE, N. C. (AP) — The president of the American Cotton Manufacturers Institute wants Congress to grant greater cotton acreage and a pricing policy designed to increase both domestic and foreign consumption of American cotton.

If this is done, a brighter future lies ahead for the industry said L. G. Hardman Jr. of Commerce, Ga., in a year-end statement released Saturday.

"The year's end finds the U.S. textile industry confronted with a critical situation in regard to its chief source of raw materials, government-controlled cotton," he said, adding:

"It is generally known that adverse weather in the cotton belt in recent months has struck a terrifically destructive blow at the quality and quantity of the already curtailed 1957 crop."

"Congress must act immediately to provide greater cotton acreage and a pricing policy designed to increase both domestic and foreign consumption of American cotton."

The government keeps cotton up to support price in the United States, but sells it abroad at world prices, which are under the American market. U. S. cotton men have complained that this favors their competition.

French Raid Rebel Districts in Paris

PARIS (AP) — Police raided North African districts in Paris and major provincial cities early today, arresting 445 persons and seizing documents reportedly relating to Algerian terrorist activities.

The Interior Ministry said a total of \$14 billion francs—\$15,475—was also seized. The police believe the money was collected by agents of the Algerian National Liberation Front (FLN) to finance the anti-French rebellion in Algeria.

It was the second large-scale raid in recent weeks in a growing effort to stem terrorism that has taken the lives of some 600 North Africans in France this year.

Ike Talks Over Report to Nation With Council

WASHINGTON (AP) — President Eisenhower met with the National Security Council today, presumably to discuss then report he will give the nation tonight on the NATO meeting in Paris.

The President and Secretary of State Dulles will join in the half-hour radio-television report.

White House press secretary James C. Hagerty said he expected both men would speak informally from notes.

Dulles conferred privately with the President before the Security Council meeting.

Hagerty was asked whether there was any discussion at the Council meeting of the Gulliver report. This report is understood to have pictured the United States as facing the gravest danger in its history as a result of Soviet gains in weapons and other fields.

The report, which has never been made public, was prepared by a special study commission headed by H. Rowan Galtier, Sen.

Hayride Ends in a Real Nightmare

SAN ANTONIO, Tex. (AP) — A Saturday night hayride wound up as a grisly nightmare for a group of teenagers after an old model car rammed into the rear of the straw-filled trailer, carrying the youngsters.

A passenger in the car, Joe Martinez, 23, Seguin, Tex., was killed. Seven of 27 injured remained hospitalized today, including the driver of the car, Frank Arnesen, 23, San Antonio.

The trailer was knocked into a water-filled ditch. Some of the youngsters were found wandering about the area more than an hour after the accident.

The injured included the party's chaperone, retired Sgt. Paul Reed. His foot was amputated. At least one of the teenagers lost a limb.

The youngsters were members of the Ft. Sam Houston Teenage Club. Most were dependents of military personnel.

Tech May Be Darkhorse of Tourney

By THE ASSOCIATED PRESS.
The Southwest Conference gets down to the business of establishing a basketball championship favorite this week.
It might accomplish that in the very first game on the schedule in the pre-season tourney at Houston because Texas Tech, the only unbeaten team left, meets Southern Methodist, the defending champion.
The inter-sectional campaign is out of the way with the league managing to finish ahead 31-19.
Tech carries a 6-0 record and an average of 78.3 points per game into the tournament, that opens in Houston Thursday afternoon. Southern Methodist has an average of only 63.8 but looks stronger on defense, giving up 62 points per game compared to 63.3 for Tech. And SMU may have played a stronger schedule.
Pairings for the first round Thursday with records in parentheses:
2 p.m. — Southern Methodist (4-3) vs. Texas Tech (6-0).
4 p.m. — Texas Christian (6-1) vs. Texas A&M (2-4).
7:30 p.m. — Texas (4-2) vs. Arkansas (3-3).
9 p.m. — Rice (3-3) vs. Baylor (2-5).

Guests were greeted at the door by a silver key against a spray of greenery tied with a red bow. Each girl in the department was given a special duty during the day. Two of the girls in each class would greet guests at the door. Those attending the open house were shown through the cottage. The mothers were entertained by their daughters.

Christmas presents were made by the girls. These crafts were displayed in the laboratory. Christmas presents and ornaments were placed on the lab table.

A green Christmas table cloth with red candles, red Christmas balls, holly and pine cones decorated the cottage dining room table. A nativity scene was centered on a table in the background. Spiced tea and cookies were served to many guests during the day.

He noted, too, that the session began only moments before he talked with Kewen.

WASHINGTON (AP) — President Eisenhower and Secretary of State Dulles make a radio-television report to the nation tonight on the NATO conference last week in Paris.

The conference, seeking unity among the North Atlantic Treaty countries in the face of Russia's missile developments, adopted a two-way approach. The NATO chiefs of state approved the U. S. idea of basing intermediate range missiles in Europe and at the same time called for further disarmament negotiations with the Russians.

Russia already has indicated it is not interested in a NATO-proposed meeting of foreign ministers to discuss disarmament. Soviet leaders called instead for a special United Nations session, or some other full-scale international conference.

The Eisenhower • Dulles broadcast will be carried "live" at 8:30 p. m., EST, (7:30 p. m. CST) by CBS-TV and all four major radio networks. ABC-TV will carry the program on film at 10:30 p. m., and NBC will show it at 11:30 p. m. (EST) (9:30 and 10:30 p. m. CST).

One of Three Gunmen Still at Large

TEXARKANA, Ark. (AP) — Three gunmen broke into a rural home near here Saturday night, robbed and bound a 77-year-old farmer and critically wounded his unsuspecting son.

Only one of the trio still was at large today. Police said he apparently has eluded about a dozen pursuers.

Sheriff C. R. Burgess said Clyde Furquerson, 35, of Minneapolis, Minn., was killed at the scene of the robbery and Clyde Nelson, an ex-convict, was captured and placed in Miller County jail.

The sheriff said Doyle Furquerson, Clyde's brother, fled on foot and was being sought.

Homer Smith, 55-year-old son of the robbery victim, was reported in serious condition in a hospital here with shotgun wounds in the chest, stomach and legs.

The sheriff said three gunmen forced entry to J. E. Smith's home about 7 p.m. Saturday, bound the farmer with tape and took his wallet containing \$50. One of the three, Burgess said, fired a shotgun blast when they found the lane to U. S. Highway 82 blocked by the younger Smith's car. Homer Smith had turned into the lane just as the robbers were driving off.

Burgess said the older Smith broke free of his bonds, ran out on the front porch and fired a .22 caliber rifle. A bullet struck Clyde Furquerson in the head and killed him.

A dozen officers searched an area 15 miles east of Texarkana yesterday for the missing Furquerson who, the sheriff said, lived at nearby Mandeville.

Burgess said Smith's wallet also was missing.

No charges had been filed. Nelson recently was released from the Arkansas State Penitentiary where he served a sentence from Miller County for armed robbery, the sheriff said.

Cardinal's Aide on Trial in Hungary

BUDAPEST (AP) — Msgr. Egon Turesanyi, secretary of Cardinal Mindszenty, went on trial in a Communist court today with the press and public barred.

Prosecutor Peter Csik said it was because the name of a woman had come up in the case. He would give no more details.

"We always hold closed hearings on such matters," he told newsmen, "even when no priest is involved."

Msgr. Turesanyi is being tried with 16 other defendants, 15 of them young Roman Catholic priests or students for the priest hood.

They are accused of raiding the Communist government's Church Affairs Bureau in the anti-Russian revolt last year, and of distributing leaflets.

Jealousy Is Factor in Ohio Shootings

COLUMBUS, Ohio (AP)—Two persons were slain and four others wounded in two separate shooting incidents across the state yesterday 1 which jealousy apparently triggered the gunplay.

The shootings occurred south west of Dayton; and in Petersburg, west of the Ohio Pennsylvania border near Youngstown.

In Petersburg, a divorced husband, who had warned his wife he wouldn't be responsible if she brought a man into the house he bought and paid for, shot and killed a man who did show up in the house, authorities said.

Sheriff's deputies said the former husband, Wilbur Rauch, 41, admitted firing a shotgun blast through the window of his ex-wife's home. Inside, George Shandor, 41, of New Middleton, fell mortally wounded. Alvin Rauch, 35, was wounded in the left hand as she stood talking to Shandor.

No charges have been filed against Rauch, arrested a short time later at his mother's home. The couple, divorced three years ago, have five children who were asleep in the Rauch home when the shooting occurred.

Detective Robert C. Beckett in Dayton announced the arrest of a 24 year old man, Dan Myrick for questioning in a shooting that killed Marie McElroy, 27 year old mother of a 2-week old baby. The baby was asleep in Mrs. McElroy's three room apartment which was riddled by bullets from a revolver. The child escaped unharmed, but two other persons were wounded.

Myrick had been hunted throughout central Ohio and was taken into custody here without incident this morning by Beckett and Harland Grooms. The detective alleged Myrick of the shooting and said the man must have loaded his revolver at least four times. No charges have been filed.

Porkers Play Baylor First on Schedule

FAYETTEVILLE, Ark. (AP)—The University of Arkansas will plunge immediately into the Southwest Conference title race when it opens the 1958 football season. The Razorbacks' first opponent will be Baylor at Little Rock Sept. 20.

The 10-game schedule was announced here Saturday.

A conference clash as the opener is a decided turnabout for the Porkers who traditionally have hosted one or two outside foes before entering the league race. The change was made to accommodate Rice which scheduled a game with Army on the usual Arkansas date.

The only other switch from the 1957 lineup was the replacement of Oklahoma State with Hardin-Sommons.

The schedule:

Baylor at Little Rock, Sept. 20;

Tulsa at Fayetteville, Sept. 27;

Texas Christian at Fort Worth, Oct. 4;

Rice at Fayetteville, Oct. 11;

Texas at Austin, Oct. 18;

Mississippi at Little Rock, Oct. 25;

Texas AM at College Station, Nov. 1;

Hardin-Sommons at Little Rock, Nov. 8;

Southern Methodist at Fayetteville, Nov. 15; and Texas Tech at Lubbock, Nov. 22.
